

LEGD

Lincoln Middle School

February 2020

From Lincoln Middle School, Jordin, traveled over to Conestoga View to spend a couple hours with the residents. Jordin created 25 goodie bags containing hygiene products and a hand-written card. He also developed a questionnaire to interview each of the residents.

The residents were so thankful and appreciative of Jordin's kind actions, and insisted that he come visit more often.

Jordin expressed his love for volunteering by stating, "most families don't visit the residents in the nursing home, and I think it is important to make them feel special and important by spending time with them and listening to them when they want to tell stories from their past".

GO JORDIN!!

Reynolds Middle School

At Reynolds Middle School the students have been gearing up to complete their service project, Stand Tall Stand Strong, at their school. Their project consists of inspirational words-of-the-day to be announced in the morning, motivational posters throughout the school, bracelets given out to every student and an inclusive meet-up group on Friday for any student who wants to meet some new friends! Their project will be taking place the first week of March and the students could not be more excited!

In addition, over the past few weeks the students have been participating in team building activities and growing stronger together. We are so very proud of how hard they have each worked to achieve their goals and work together!

PROJECT SPOTLIGHT

"Do not follow where the path may lead. Go instead where there is no path and leave a trail."

-Ralph Waldo Emerson

Landis Run Intermediate School

At Landis Run, students are eager to continue preparing for their school service project, focusing on the prevention and awareness of bullying and fighting. Students have been able to display their passion for the subject by brainstorming ways that they want to be leaders among their peers to help them make kinder choices. Within the next few weeks, students and facilitators will be ready to present the service project idea to Compass Mark and Landis Run administrative staff, seeking their support and approval for this exciting assignment. In the meantime, students are continuing to learn more about the admirable attributes found in other leaders that they admire and would like to resemble. Students have also been thriving in developing effective communication skills that will help them in their future leadership endeavors.

STUDENT SPOTLIGHT

MEET ANTONIO!!

(6th grade) Antonio likes all sports; specifically: golf, football, wrestling, and track. He also enjoys riding his bike, playing video games, and watching comedy movies. His favorite animal is a wolf, and his favorite foods are crab and steak. Antonio enjoys math and he hopes to one day become a doctor. He sees his father as a role model, as Antonio stated that his father has been through a lot and has persevered. Specifically speaking about leadership, Antonio hopes to become more confident, 'own his voice' and be heard as he develops as a leader through the Leaders of Future Generations program. Antonio has seen in himself good communications skills, holding a commanding presence, and being an effective debater.

Mission Statement

Our mission is to empower youth to become strong leaders within their school and community through skill building, mentorship and service learning.

Vision

Building leaders for future generations.

Values

Family - Forming caring relationships which will persevere over time

Truthful Guides - Leading as role models to instill integrity, growth and leadership

Real People - Showing compassion, being open, and having respect for each individual.

Meaningful Work - Finding passion, forming connections, and keeping a positive attitude

Adaptable Teamwork - Being flexible and compromising in challenging situations.
