

# LFG

March 2020

## Lincoln Middle School

Jordin accomplished his service project by visiting Conestoga View and engaging the residents in conversations and gift bags. We celebrated Jordin with Compass Mark staff, Principal Schlinkman, and Jordin's mother to honor all of his achievements. He earned a certificate for completing the program which acknowledge his best leadership quality, perseverance. He said he learned a lot of from the program, such as being a successful leader, learning how to make a difference in the community and to push through challenges to be successful. We are looking forward for our next LFG group and to have Jordin as a mentor to his fellow peers to demonstrate and lead by example on how to be a great leader.

**GO REYNOLDS!!**

## Reynolds Middle School

The Reynolds LFG crew, Stand Tall Stand Strong group completed their service project the first week of this month and it was a great success! The students decorated the halls of their school with posters featuring inspirational quotes and positive sayings. Each morning they announced a new word of the day to be practiced and recognized throughout the day such as gratitude, kindness and encouragement. Finally, on Friday they invited classmates to join them in the library for a Positivity Meet-Up group where they led their fellow students in various games and activities to get to know one another better. We celebrated our students with a cake and pizza! We are so proud of the work they did to create peace in their school community

**PROJECT SPOTLIGHT**

*"Leadership is about making others better as a result of your presence and making sure that impact lasts in your absence."*

*-Sharyl Sanberg*

## Landis Run Intermediate School

With anticipation of what is to come, students have been brainstorming many ideas about the activities and motivation behind each activity of their service project for the benefit of their peers. The CIA (Central Intelligence Agents) are eager to present their ideas for the service project week - focusing on conflict resolution, resiliency, and the like - to Compass Mark and Landis Run administrative staff in the near future. Although the team collaborations towards this project have been paused for the time being, it is our hope that students are still using their learned skills as developing leaders to encourage and take care of others during this time away from the typical academic routine.

## LEADERS OF FUTURE GENERATIONS

a program of Compass Mark

### Mission Statement

Our mission is to empower youth to become strong leaders within their school and community through skill building, mentorship and service learning.

### Vision

Building leaders for future generations.

### Values

Family - Forming caring relationships which will persevere over time

Truthful Guides - Leading as role models to instill integrity, growth and leadership

Real People - Showing compassion, being open, and having respect for each individual.

Meaningful Work - Finding passion, forming connections, and keeping a positive attitude

Adaptable Teamwork - Being flexible and compromising in challenging situations.
