

COMPASS MARK

SCIENCE-BASED ADDICTION PREVENTION

Family Services Advocate

*Identifying, supporting, and advocating
for the unique needs and rights of
children with incarcerated parents*

Program

Family Services Advocates help families impacted by incarceration connect with community resources such as food, clothing, and shelter, and support healthy parent-child relationships.

Our advocates visit both the child and their caregiver in the home, as well as the incarcerated parent at Lancaster County Prison or Lebanon County Correctional Facility.

Eligibility

Children ages zero through 18 who live in Lancaster or Lebanon Counties are eligible for case management if they have an incarcerated parent.

Parenting Inside Out

We offer evidence-based parenting classes in Lancaster County Prison and Lebanon County Correctional Facility designed to strengthen family bonds.

Compass Mark's Mission

Our mission is to prevent addiction through education, skill building, and community mobilization.
