

**Grace and Hope**  
**Faith-Based Recovery Support Group**  
**Calvary Church**

"Grace and Hope" is a faith-based recovery support group meeting for those in recovery from alcohol or drug addiction. "Grace and Hope" is a meeting that shares the message that recovery is absolutely possible when you bring God into your life.

Many recovery books on the Twelve Steps indicate that a spiritual experience with God is key to being successful in recovery and so we share the message that the God of the Bible is a loving, caring, and compassionate God and he wants to help you be successful in recovery and even over any struggle of life. There is always hope with God.

Each week there will be a brief devotional message that connects the Bible to recovery followed by an open sharing time.
